

Through the winter months I have been experiencing many spiritual downloads. These include information to be shared as well as new services that I will be offering to help each of you embrace the new wave of energies that are blanketing our planet.

As Mother earth continues to birth into the new fifth dimensional frequencies, we will continue to experience erratic weather, earthquakes, and other "disasters" that affect the quality of our lives around the globe. We must understand that the upheavals represent the shifting of consciousness and energy patterns. As our planet moves to embrace *crystal* more fully, change will occur. As the veils thin between dimensions, we will experience more dimensional shifts, parallel mergers, and bleed throughs!

To stay in-tune with Mother Earth, we must up the ante of our own spiritual growth and development. We must do what we can to remain in a state of wellness. That means--taking care of our energy bodies as well as our physical body. Spirit has been downloading to me valuable information to share with mankind. As I am assimilating the information, new services are emerging that will assist each of you to hold Lightbody during these transitional times.

Some of these new services are as follows: A unique multi-dimensional quantum healing session that utilizes the new healing tool: The Amethyst BioMat. Between the process I have been shown and this amazing healing mat, remarkable results have been achieved by individuals seeking to clear up residue karmic patterns that recycle in the current life.

If you are a healer and purchase a pro mat from me, I will teach you how to perform this level of healing on a client.

The other new service is the Pineal Attunement. The Pineal gland is a remarkable and instrumental gland in its ability to contribute to our psychic development and clairvoyance. When attuned to the pituitary gland, multi-dimensional vision comes on-line. This is a brand new service that I'm offering and since it is new, I'm offering it at an introductory price of \$50.00 per session. I'm not sure at this time how many sessions are required, I think each person is different. But if you think this would be your next step, I'd suggest getting in on the introductory price. Just takes 15 minutes to activate and attune.

Okay, thats enough for now. I'll write more at another time, now its time to get some sleep.
Have a GREAT DAY! and Keep Smiling! 😊
